Dear Parent(s) / Carer(s)

Option Subject Fayre

I am writing to inform you of an ongoing project which we are running at the school for students beginning their GCSE and BTEC courses this September.

In order to prepare our students we have asked all option faculties to produce a hand out of simple summer work tasks that we would like students to complete. This work is designed to give students a flavour of the types of topics they will be doing and will allow their teachers to gauge their level of knowledge and, hopefully, interest the students to read more widely prior to and over the summer holidays.

Today students will be collecting the hand outs and will have an opportunity to discuss with their subject teachers any questions regarding the work they need to complete. An example of the tasks they will be doing include writing exercises, use of revision websites, visiting galleries, listening to set music or analysing text.

We advise that the work set should be started now, so that should they have any questions they can speak to their teachers before the summer break. The work needs to be handed in on their first lesson back in September.

We would be delighted if you could discuss the tasks with your child, as this will not only emphasise the importance of the exercise, but will also give you an insight into the type of work they will be doing. The completion of the work in a thorough manner will advantage the students greatly in the future.

We thank you for your support in this project and if you have any questions please do not hesitate to contact the subject teacher in the first instance.

We look forward to welcoming your child into Middle School in September.

Yours faithfully

Mrs Jennifer Pope
Head of Middle School
